

# Toqa Tawfik

Computer science student

[01006745365](tel:01006745365) | [tokataawfik789@gmail.com](mailto:tokataawfik789@gmail.com) | [linkedin.com/in/toqa-tawfik](https://www.linkedin.com/in/toqa-tawfik) | Cairo, Egypt

## OBJECTIVE

Computer Science student with hands-on experience in Machine Learning and Data Science through technical training and projects. A fast learner who enjoys exploring new technologies, building projects, and applying technical knowledge to real-world challenges. Seeking an internship to apply and further develop my skills in Artificial Intelligence and problem-solving.

## EDUCATION

Bachelor of Computer and Information Sciences

Egyptian Chinese University

Expected Graduation: 2029

## EXPERIENCE

### NTI — Machine Learning Summer Training

*July–August 2026 | 120 Hours | Score: 94%*

- Completed 90 hours of technical training and 30 hours of freelancing training in Machine Learning.

### CIB — Summer Intern

*Generative AI & Banking Fundamentals | July 2026*

- Completed a one-month summer internship covering banking fundamentals and Generative AI.

### DEPI — AI & Data Science Program

*2026–Present | 6-Month Program*

- Currently participating in a 6-month program focused on AI and Data Science.

## PROJECTS

### AI User Productivity Predictor — Data science, Machine Learning

- Developed a machine learning application to predict productivity gains associated with AI usage.
- Used factors including industry, job role, location, experience level, AI tool, daily token usage, and tasks automated per week.
- Built the application using Python, Scikit-learn, FastAPI, and Streamlit.

### Swarm Robotics Firefighting System — C++

- Contributed to a team project involving four robotic vehicles designed to detect and extinguish fires.

### 2D Multiplayer Shooter Game — C++

- Developed a console-based multiplayer game using Object-Oriented Programming concepts.

## ACTIVITIES & COMPETITIONS

**GDSC** — Member | **ICPC ECU Student Club** — Member | **ICPC 2026** — Participant | **Huawei ICT Competition 2026** — Participant

## SKILLS

- **Technical:** Python, C++, Machine Learning, Data Science, OOP, Problem Solving, Microsoft Office
- **Languages:** Arabic, English
